

FOR IMMEDIATE RELEASE

ENVIVE Awarded Funding by New Mexico Health Care Authority to Launch Innovative Organizational Development Pilot for Behavioral Health Organizations

Albuquerque, New Mexico – July 1, 2024

ENVIVE is proud to announce it has been awarded funding by the New Mexico Health Care Authority to design, lead, and implement an innovative 12-month pilot project aimed at addressing the critical business challenges faced by behavioral health organizations.

This initiative seeks to enhance business acumen, leadership effectiveness, workplace culture, operational efficiency, and environmental impact within these organizations across the state.

The pilot, spearheaded by ENVIVE, will provide a comprehensive organizational assessment followed by tailored interventions and support, ensuring that behavioral health organizations receive specific recommendations and expert guidance. The project will prioritize strategic goals, develop actionable plans, and offer continuous support to implement these goals effectively.

"We are excited to support behavioral health organizations on their journey toward becoming more sustainable and we appreciate the support of the New Mexico Health Care Authority," said Lisa K., Founder and CEO of ENVIVE. "This funding allows us to bring together a wealth of expertise to address the unique challenges faced by behavioral health organizations. By enhancing their business acumen and operational efficiency, we hope to create lasting, positive impacts on their ability to serve the community."

ENVIVE will collaborate with a team of experts to ensure the success of this initiative. Our partners include CrestLeaders, who offer tailored solutions for leadership excellence with practical tools designed to meet the unique needs of leaders and organizations. Second Nature, LLC will provide consulting to businesses and individuals on adopting sustainable practices in operations and daily living, specializing in environmental impact assessments for healthcare organizations to promote sustainable operations. Additionally, Soulfire Strategies will focus on consulting around burnout and resilience, helping to cultivate a healthier, more resilient workforce. Together, these collaborations will enhance our efforts to drive positive change and achieve sustainable success.

The project will deliver a holistic approach to organizational development, incorporating:

- Detailed organizational assessments.
- Customized recommendations and action plans.
- Strategic goal prioritization and expert implementation support.
